

# Pacific Fans Ltd

## SLIM-LINE CENTRIFUGAL FAN

This Slim-Line Centrifugal Fan is designed for either extract or supply air in bathrooms, toilet and/or laundry areas.

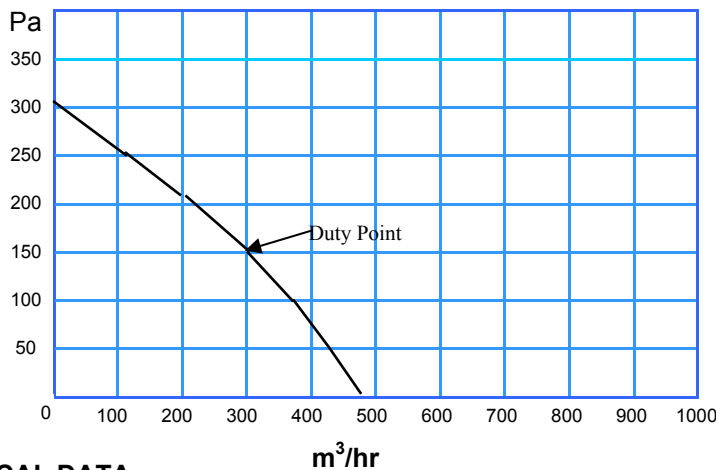

Also suitable for Heat Transfer from lounge or ceiling space to prevent condensation.

The compact, high pressure fan will fit into limited ceiling space with low profile ducting.

Air Flow 300m<sup>3</sup>/hr (85 L/sec)

The fan housing is manufactured in New Zealand from ABS plastic (black) and incorporates a Backward Curve Centrifugal Fan with High Volume/Pressure characteristics (see curve). The fan is mounted on 4 x rubber feet to prevent vibration and is easily serviced by removing the top plate, leaving the fan housing and ducting in place. Low noise level 45dBA at 3 metres.
